

Wedding Video Pricing

Thank you for looking at The South 40 to capture your wedding day on video!

We see your wedding day as a story in and of itself and we treat it as such. Our energy goes into producing this story with the best tools and resources available. You're worth it.

Let's make this simple.

Our wedding package is only **\$900**

What you'll get with our wedding package

You'll get an experienced professional wedding videographer, well dressed and ready to capture your big day.

Two professional HD cameras*. We'll operate one and set the other up as a wide shot.

We'll bring a wireless lavalier microphone to discretely capture the audio up close.

We will arrive an hour before your ceremony to set the scene. If you choose, we will do simple interviews with the Bride and Groom to get the stars on video just before tying the knot.

We'll record your wedding ceremony and any other events you'd like to remember such as signing the marriage license, your photo session or driving away in horse and carriage.

We'll tape all of the events of the reception from your introductions to the full dance floor.

We then build all of your footage into the story of the day. We return a first cut to you in six to eight weeks via e-mail. Like the first cut? Then we press the final cut on DVD for you to keep for years of memories.

**Our package includes standard definition video.*

Book with us along with Meyer Photography and receive a **\$100 coupon** good towards any a la carte item!

Need a photographer?

We have a partnership with Meyer Photography and offer a discount if you use us both! Just ask us about it. You can view their work at www.meyer-photography.net

Money Saver

If you'd like to do your own editing, we'll capture your footage and hand you the tapes. Save \$250

Would you like fries with that?

We offer the following a la carte items. If you choose, you can add on any of these features to add production value to your video.

High Definition We can shoot and edit your video in 1080i HD and deliver on Bluray disk! \$500

Extra Camera With this option, you will get additional coverage all day from another camera and operator. A three camera shoot is ideal for weddings! \$300 per operator

Extra Time You can choose to bring us earlier than one hour before the ceremony or stay late for \$75 per hour.

Rehearsal Dinner If you'd like coverage of your rehearsal dinner, we'll cover it. \$300

Enhanced Guest Interviews With this option, we'll professionally light a location at your reception and invite guests in for a more intimate interview. \$200

Highlight Video Would you like a 5-10 minute highlight package of your day to add to your video? Great for the quick glimpse of your day on DVD or web video. \$100

Production Value Ask us about additional equipment options we can bring out to enhance your video such as crane shots, steady-cam and guest cam!

Additional DVDs \$50 each.

Web Video You can choose to have your video converted to a web format. \$75

Bride and Groom Audio Commentary We'll bring you two in for a special recording session to give running audio commentary underneath your video. We can also video your reactions and put a picture in picture. This is a great touch! \$300

Bridal Shower Montage Gather your photos and videos of the two of you growing up and finally coming together. We'll take them and make a video montage for you to show at your bridal shower or reception. \$200 per 10 minutes of final length.

Add Your Video Footage If you already have a video montage or other video footage, we'll add it to your video. \$75

Wedding Montage We also offer an option of taking your wedding photos, once you've picked them from your photographer, and edit them into a video montage. \$200 per 10 minutes of final length.

Many samples of these options can be seen at our website.
